RAILROAD NOTES.—Mr. R. H. McCally, a brakeman on the K. & M., who was knocked off his train, out in Ohio about two weeks ago, by a rock thrown by a negro tramp, and badly injured about the head and neck, has recovered sufficiently to be at his post of duty again.

Capt. R. M. Herrington, of the K. & M. Railway, left Monday for Peoria, Ill., to attend the annual meeting of the Yard Masters Union.

A train on the Ohio River Railroad Saturday, killed a very fine horse belonging to Mr. W. H. Hogg, of Old Town. The animal was one of his match team, and standard bred.

Conductor Switzer, of the K. & M. Railway, will move his family to this place.

MERCER'S BOTTOM.—The Children's Day Missionary Concert held at the brick church, on Sunday evening, June 3rd, and conducted by Superintendent S. H. McNeill, was listened to by a delighted audience, and was a success in every respect. The decorations were beautifully and tastefully arranged, and nothing was wanting to make the exercises instructive and entertaining. The children did their part well, and deserve great praise for their achievements. "Send the Light" was very strikingly rendered by girls in costumes of different nations. Indeed, all parts were well rendered and the occasion is one that will long be remembered with pleasure by all who participated.

The Epworth League of the M. E. Church, South, is still marching on under the leadership of Miss Nanette Shiveley. The Literary meeting on Saturday evening, June 2nd, was well attended. We are glad to see so much interest manifested in this work. Among those who entertained were Mr. W. D. Holloway and Misses Blanche Wallis and Kate Holloway. Their essays were good. The Ice Cream and Strawberry Festival given at Mr. Wm. Wallace's June 7th, for the benefit of the church fund, was well attended by the young people. The net proceeds were \$11 dollars. INDUSTRY.

From another Correspondent.

Mr. Mose Foot on hearing a noise among his chickens went to the door and had several shots fired at him by the thieves, two striking the door facing near his head.

We thank the efficient Secretary W. E. Neal, of Bethel Epworth League, (over in our sister State) for the invitation extended to our League, also his kindness in furnishing transportation which was very safe. The craft had the same model as Commodore Kelley's boats that descended the Des Moines. Though the craft was heavy a slight hint from one of Mercers Bottom's fairest damsels induced him and his colleague, who had retired from society, to easily fall back into line, to take them to Hayman's Landing. They pushed out from us and were last seen gliding down the beautiful Ohio, the Quartette singing Lorenna.

SUBSCRIBER.

IN SOCIETY.—Miss Tot Bowyer, the handsome young daughter, of C. C. Bowyer, Esq., entertained the "Clover Leaf Club," in open session, at her home last Friday evening, on Viand street. At the proper hour refreshments were served, and the little people did ample justice to the good things spread before them. Dancing and games were indulged in until midnight. Miss Tot is a born entertainer.

The Elk's entertainment last Friday evening at their Club rooms, was an elegant and enjoyable affair. Quite a number of strangers were present. Dancing was the order of the evening.

We will give you your choice of any ladies' fine shoes in our store for \$1.50, cash, on Saturdays only. When purchasing please mention this advertisement.

DEATH OF A GOOD WOMAN.—It pains us to announce this morning the death of Mrs. Mary C. McCulloch, which sad event occurred at her home in this place, yesterday, at 1 o'clock p. m. The deceased was aged 84 years and 4 months. She was a most excellent christian lady, respected and beloved by all who knew her. Her funeral will take place at 9 o'clock to morrow morning from her family residence. Interment at the family burying ground at Spring Grove, this county. We extend to the family of the deceased our heartfelt sympathy.

WEST.—At the residence of her son-in-law, Mr. Grafton Tyler, 312 B street northeast, at midnight, June 1, 1894, Mrs. M. L. West, of Washington Post.

Mrs. West was a daughter of the late Mrs. Agnes Schon. She was a genial, refined and brilliant woman, born and reared in Mason county; she left it in early womanhood, but often returned to visit her relatives here for whom she ever retained the warmest affection. She was born October 11, 1827.

WYOMA ITEMS.—Wheat is looking well and the prospect for a big yield, is good.

It looks now as if there will be a big potato crop. The acreage of potatoes here will be larger than ever raised in this section before.

The health of this neighborhood is most excellent, except we are sorry to say Capt. Wood is very low.

We are glad to see the Register is advocating better roads. If ever a county needed good roads it is Mason.

GILBERT.

The steamer Sunshine struck the wall at Knob Shoals as she was coming out of Kanawha Sunday. From what we hear she is badly wrecked, and it is doubtful if she can be raised, as she lays in a very bad condition in a very swift current. The Armstrong Bros. with their wrecking crew are trying to raise her. She was fully insured.

Preparations are making for the biggest kind of a time in this place, on the Fourth of July. Hundreds of dollars has been subscribed by our business men to defray the expenses incident to such occasions. There will be all kinds of amusements, and good speaking. For particulars you should see large and small posters that are now being put up over the county. To miss this grand celebration will be to miss a rare treat.

HUNT.—Last Thursday, Chas. T. Beale Jr., was riding a colt, at his home in Mercer's Bottom, when the animal fell, catching Mr. Beale under him, bruising him up quite badly.

Mr. Will Burks of this place, and employed at Lock 11, while at work Monday, had a crib log accidentally fall on his left foot, mashing his toes badly. While a painful injury, it is not considered serious.

Hon. C. E. Hogg, while walking down the aisle of a car, to get off at this station, on his return home from Jackson, Monday, had the misfortune to hurt one of his knees, which will cripple him for a few days.

There is no good, faithful citizen; he ever so poor, but will find support sooner at his own home than anywhere else. For this reason that is the place for every person to stay at the present time if he has not money to take care of himself elsewhere. There is no reasonable excuse for men traveling over the country in bands levying tribute from the towns through which they pass. Every town has citizens to take care of, and they will see that none suffer that are worthy. The place for men out of employment is with their neighbors, who will provide them with work or other means of support. We know what labor is. We have tried our hand at a great many different kinds, and we feel that labor is not always properly paid, yet at the same time many an employer loses many an hour's sleep planning to keep his business going, and be able to pay his help. Labor can only see their side of the question. Many of them would feel different could they look upon the other side at times.

Messrs. John Greenlee and Wm. Chambers have arranged to put up at Eight Mile Island, on the Ohio, a tent for the accommodation of fishermen, where meals and sleeping apartments can be leased. They will also have plenty of boats and fishing tackle on hand. This island is a great place for bass fishing, and no doubt will soon become one of the most popular resorts along the Ohio.

There was an interesting game of ball at this place Sunday afternoon, between the S. F. B. Club, and a picked nine of this place. It was witnessed by a big crowd. Point Pleasant is a sort of "free and easy" town, but we doubt the propriety of allowing such games to be played on Sunday. It is sure to have a bad effect upon the morals of our young people.

If you want a good hair cut and a clean shave, go to Wm. Steinbach,
